PROFESSIONAL SUMMARY

Self-motivated and continuously evolving Junior Front-End Developer with hands-on experience in real-world projects. Proficient in building responsive, user-friendly, and scalable web interfaces using modern technologies such as HTML5, CSS3, JavaScript, TypeScript, React.js, and Tailwind CSS.

Skilled in clean code writing, effective version control using Git & GitHub, and collaborating in agile development teams. Currently expanding my technical stack by learning Next.js and Node.js, with the goal of transitioning into full-stack development.

PROFESSIONAL EXPERIENCE

Agile Pulse (Startup) – Baku, Azərbaijan   **May 2025 – Present**
Frontend Developer

- Contributed to the development of a scalable web platform using React, Vite, and Tailwind CSS
- Built responsive, interactive user interfaces in collaboration with UI/UX designers and backend engineers
- Participated in Agile workflows, sprint planning, and weekly stand-up meetings
- Engaged in project coordination during early development phases

Intern Intelligence – Baku, Azərbaijan   **July 2025 – Present**
Frontend Developer (Intern)

- Contributed to the development of interactive user interfaces using HTML5, CSS3, JavaScript, and React.js.
- Participated in daily stand-ups and sprint planning sessions, gaining experience in Agile methodologies.
- Assisted in debugging and optimizing front-end components to improve performance and user experience.
- Practiced collaborative development using Git and GitHub in a professional team environment.

CodeAlpha – Baku, Azərbaijan   **July 2025 – Present**
Web Developer (Internship)

- Built responsive and functional web pages using HTML, CSS, and JavaScript.
- Improved existing components to enhance overall user interface and experience.
- Collaborated in a team environment using Git and GitHub for version control.
- Gained hands-on experience with Agile development workflows in real project environments.

EDUCATION

Azerbaijan State Pedagogical University – Baku, Azərbaijan   **2020 - 2024**
Bachelor's Degree in Mathematics Education

- Developed a strong foundation in mathematical logic, pedagogical methods, and problem-solving strategies. Gained experience in curriculum design, student engagement, and educational psychology.

Turing Academy – Baku, Azərbaijan   **October 2024 – May 2025**
Frontend Development Program

- Hands-on training in modern frontend development tools and technologies such as HTML5, CSS3, JavaScript, React, and TypeScript. Focused on responsive web design, component-based architecture, version control, and collaborative development workflows using Git and GitHub.

Network Training Center – Baku, Azərbaijan   **December 2023 – February 2024**
IT Essentials Course

- Gained foundational knowledge in IT systems, computer hardware, software, networking basics, and troubleshooting. Built a practical understanding of IT support processes, digital security, and system maintenance essentials.

PROJECTS

EDU Company – Education Platform Clone

Project Description:

- Developed a comprehensive clone of an educational platform using React.js and Redux for dynamic UI and state management. Handled form validation with Formik and React Hook Form, and implemented responsive UI using Tailwind CSS. Built the back-end with Node.js, Express.js, and MongoDB, using RESTful APIs for communication. Maintained version control and collaboration via Git & GitHub.

Technologies & Tools Used:

- React.js, Redux, React Router, Formik / React Hook Form, Axios, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Postman, Git & GitHub

TRAININGS & CERTIFICATIONS

- **Meta React (Specialization Certificate)** – Meta, Coursera – June 2025
- **Developing Back-End Apps with Node.js and Express** – IBM, Coursera – June 2025
- **Ultimate TypeScript Course 2024** – Packt, Coursera – June 2025
- **Version Control** – Meta, Coursera – June 2025
- **Foundations of UX Design** – Google, Coursera – June 2025
- **Build Websites with HTML, JavaScript, AngularJS & React** – Board Infinity, Coursera – June 2025
- **Learn Next.js** – SCRIMBA, Coursera – June 2025

LANGUAGES

English – B1   **Azerbaijani – Native proficiency**

Russian – A2   **Turkish – B2**

SKILLS & COMPETENCIES

Technical Skills:
Front-End Technologies: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS, SASS/SCSS
User Interface & Responsiveness: DOM Manipulation, Responsive Design (Mobile First)
Tools & Libraries: Git & GitHub, NPM, Axios, React Router, Chrome DevTools, Figma (for UI Review), MockAPI
Basic Back-End Knowledge: RESTful APIs, JSON, Node.js

Soft Skills:
Team collaboration and effective communication, Problem-solving and critical thinking, Time management and adaptability, Attention to detail and quality-focused mindset, Fast learning ability and self-motivation, Ownership, accountability, and clean code writing habits
